

Registration & Renewal Policy for CFA Registered Catteries©

1. The Cat Fanciers' Association will initially register a cattery name for a period of five years. The registration fee is \$75.00 (subject to change). For \$100.00 in addition to the \$75 application fee (subject to change) you may establish your cattery name as a permanent name. Your cattery name would never require further renewals nor could it be given to someone else.
2. Upon expiration of the initial five year period and any subsequent renewal period, a breeder may apply for a five year extension of the registration. There will be no limit on the number of extensions allowed, but not more than one extension will be permitted per renewal. The renewal fee is \$25.00 per five year period. For \$100.00 in addition to the renewal fee you may establish your cattery name as a permanent name. Your cattery name would never require further renewals nor could it be given to someone else.
3. It is the breeder's (registrant's) responsibility to apply for a renewal of the cattery name registration. CFA will send notice (maximum of two) of the impending expiration, but failure on the part of the registrant to receive these notices will not be the basis for any future claims which may arise due to the reissuance of the cattery name to some other party.
4. Each five year renewal period starts at the expiration of the prior paid period. Fees for renewals are payable from the expiration of the prior paid period. For example, if a cattery name registration period expires March 31, 2011 and the breeder renews it on December 1, 2011, the effective renewal date is April 1, 2011 and the next renewal period will expire March 31, 2016.
5. The use by the registrant of the cattery name either as a prefix or suffix will not be allowed after the expiration date. Upon renewal of a cattery registration, the cattery name may be added to the names of cats which were individually registered after the expiration and prior to the renewal date. The applicable fee(s) for corrected registration and/or addition of cattery suffixes will apply.
6. Anytime after a cattery name is registered, a breeder(s) other than the original applicant(s) may be added to the registration upon submission of a new cattery application signed by ALL current registered owners of the cattery. Payment of the fee in effect for an initial cattery registration will apply. The registration period will extend for five years from the date of re-registration.
